CLUBHOUSES

## CLUBHOUSES & ADMINISTRATIVE OFFICES

Over a period of years we have gained the experience of the needs of various golf clubs, which has enabled them to meet the demands of their members, guests and societies with enhanced facilities. In some properties, this has meant the complete refurbishment of locker rooms, bars, lounges and dining rooms, kitchens, staff facilities, administrative offices and external hard and soft landscaped areas.

Various methods of procurement have been used to suit the particular clubs requirements for programming the works into their diaries of events, utilising in most cases the quieter periods during the winter months. Liaison with golf club committees is vital in order to obtain the desired facilities within both cost and time parameters.
